

Veterinary Clinic IT Readiness Checklist

Ensure your practice is secure, efficient, and client-ready

1

✓ MUST-HAVES

- ☐ Secure Wi-Fi with guest network
- ☐ Encrypted email + daily cloud backups
- ☐ PIMS integration support
- ☐ Remote access for doctors
- ☐ Reliable VoIP phones

2

🔒 CYBERSECURITY & COMPLIANCE

- ☐ Antivirus + automated patch management
- ☐ Cybersecurity training for all staff
- ☐ Role-based access controls
- ☐ Data Loss Prevention (DLP) tools
- ☐ Secure payment processing (PCI compliance)

3

🚀 GROWTH-READY IT STRATEGY

- ☐ SMS/text appointment reminders
- ☐ Online booking integrations
- ☐ Inventory + lab system connectivity
- ☐ Quarterly IT budget + roadmap planning
- ☐ Onboarding + offboarding workflow automation

💡 **Pro Tip:** Don't wait for a system crash to identify gaps in your tech stack.
